

ABC'S OF WATER: DIGGING INTO OUR GROUNDWATER BASINS

A Geological Examination of Our Region

Have you ever wondered about the geology of our groundwater basins and how they were once formed? Join MWA Principal Hydrogeologist Anna Garcia for a discussion that will explore the groundwater basins of our service area. We'll cover the geologic history of the region and how tectonic processes formed the Mojave River and shaped the basins that contain our aquifers. RSVP to Public Information Specialist Bryan Kawasaki by emailing him at bkawasaki@mojavewater.org.

**Located at Mojave
Water Agency**

**13846 Conference
Center Drive
Apple Valley**

**Tuesday
January 22, 2019**

5:30 – 7:00 PM
