

# ABC's of Water

## **The Drought is Over; Why Should I Still Conserve?**

**Tuesday, July 25, 2017  
5:30 - 7:00 P.M.**

Are you sick and tired of hearing that you need to continue to conserve water and you don't understand why? Isn't the drought over? After all, the State Governor has lifted the restrictions. Unfortunately, we live in a very arid portion of the state, and it is important to continue to watch our water use into the future as we grow.

Please join us to hear Nicholas Schneider, Water Conservation Manager from Mojave Water Agency, tell us how and why we still need to conserve water.

Refreshments will be served. Seating is limited, so register now to attend. Please email Gloria Golike at [ggolike@mojavewater.org](mailto:ggolike@mojavewater.org) or contact her at (760) 946-7001. The deadline to register is July 24, 2017.

Hosted by: Mojave Water Agency

Located at: 13846 Conference Center Dr., Apple Valley, CA

**This workshop is mandatory for students enrolled in the ABC's of Water Academy.**
