## MWA Fall Training Workshop

California Rural Water Association in partnership with Mojave Water Agency (MWA) and in support of the Integrated Regional Water Management Plan is offering a no cost workshop designed to enhance your knowledge of the water industry.

**These no-cost workshops are beneficial for Water Operators and System Managers of Private, Public and Tribal Systems.**

- LCR, THEN LCRR, NOW LCRI - WHAT WATER SYSTEMS NEED TO KNOW (3 CEU Contact Hours) – Tuesday, October 29th, 2024 @ 9:00 am -12:00 pm**

Several elements of the Lead and Copper Rule Revisions (LCRR) will be required starting on October 16th, 2024. The Finalized Lead and Copper Rule Improvements (LCRI) is expected to be released prior to October 16, 2024 and contain details on future regulatory requirements. This session will provide water systems with the latest information related to Lead and Copper drinking water regulations and how they should be preparing for current and future compliance obligations. California specific requirements will be discussed where applicable.

**Continuing Education & Contact Hours:** In order to earn 3 IACET Continuing Education Units, students must attend all 3 hours of class. Those with partial attendance or not passing the final exam will earn one contact hour for each hour of class attended. Participants will also receive State Water Resource Control Board (SWRCB) contact hours, as well as Registered Environmental Health Specialist (REHS) CEUs earned, in this class.

CRWA is a 501(c)(3) non-profit association proudly serving California's small water and wastewater organizations. Tap into a great resource for your system! For information on becoming a CRWA member, please call 800.833.0322 or visit [www.calruralwater.org](http://www.calruralwater.org).
